LA DATCHA

About LA DATCHA

LA DATCHA is a global explorer superyacht combining the highest level of onboard luxury with incomparable on-the-water capability. She was built to withstand the harshest of environments and reach the most remote of destinations, she comes equipped with an impressive fleet of tenders and a dive-support RIB, ensuring seamless access to both remote coastlines and hidden coves. For those seeking the ultimate adventure, additional packages are available, including helicopters and a three-person TRITON submersible for exploring beneath the water's surface, helping guests explore and enjoy destinations others can't!

She was originally designed with major expeditions in mind, from the Arctic to the Antarctic but is equally at home in any tropical paradise. Guests can watch whales breaching mere metres away from their front-row seat in the Observation Lounge or jump into one of the three tenders for an even closer encounter.

LA DATCHA offers luxury accommodation for up to 12 guests across six elegant staterooms, including two master staterooms and one VIP. Her interiors offer timeless, opulent luxury, offering a relaxing sanctuary after a busy day of exploration. There is a Jacuzzi on deck and inside, or guests can visit the wellness centre to warm up in the Turkish Hammam, take an invigorating shower under the ice fountain, or unwind with a massage in the dedicated treatment room. The expedition's chef will prepare gourmet fine dining, using both fresh local produce and the extensive on-board provisions to create a perfect menu based on local cuisines from the yacht's itinerary, tailored to the tastes of the guests.

For more active guests, there's a well-equipped gym with sea-views, plus a fully certified dive centre equipped with a decompression chamber. Along with her enhanced fuel tanks and improved refuse management system, she can maintain autonomy at sea for up to 40 days! If you're willing to go off the beaten track, LA DATCHA and her 25 attentive crew, is the one for you!interiors offer timeless, opulent luxury, offering a relaxing sanctuary after a busy day of exploration.
